RE: Andrews for Congress Committee C00243428

Dear Ms. lovino:

This letter is in response to your Request for Additional Information dated July 28, 2009, regarding our demonstration of our "best efforts" in obtaining information from individuals. Below is our committee's policy.

If a contributor does not provide all the requested identification information, as Treasurer, I either make a phone call to the individual, or if I do not have or cannot obtain a phone number, the committee sends a letter via mail, or email if that address is known, within 30 days of the receipt of the contribution.

The letter and/or the phone call clearly asks for the missing information without soliciting a contribution, reminds the contributor of the federal law requiring reporting of the information and, if necessary, a pre-addressed envelope is included for the contributor's convenience. In addition, when, or if, the committee receives a response, the campaign report will be amended to reflect the new information.

I also make every attempt to search for missing information myself, while waiting for a response via the internet by doing a search through Google.

Please let me know if you require any additional information regarding our committee's compliance with this rule or any other.

Yours truly,

Maureen A. Doherty
Treasurer
